Memorial Weekend ride and campout. See Calendar.

Featured event for the upcoming riding season

Asotin, WA Campout and Ride This is the Fordyce Trailhead up Asotin Creek out of Asotin, WA. It is a nice trailhead with fire pit and several trails out of parking lot. Horses will have to be tied to trailers or highlined. Trails will climb to a ridge top, good trails and gradual climb, but horses should be in shape and shoes are recommended. We will be riding 4+hours on Saturday and Sunday. A Discover Pass (Washington parking pass) will have to be purchased from Fish and Game for \$35, good for a year, or you can get a one-day pass for \$11, purchased online or at the Jiffy Stop in Asotin. The store is one block south from Asotin Creek Rd. where you turn. The store is open 24 hrs. Directions to trailhead: After going down the Lewiston grade, drive through Lewiston City Center and cross bridge into Clarkston. On the bridge stay in left lane. After crossing bridge take the diagonal street to Clarkston City Center and Asotin. At next stop light turn left following same signs. It will take you approximately 2 to 2 ½ hrs from CDA to get to Clarkston. From Clarkston continue on same road, Hwy 129, going south through town and then along Snake River Rd 5 miles to Asotin. As you come into Asotin, turn before bridge, first road in Asotin, on (Beaumaster Drive) Asotin Creek Rd #110. When you come to a "Y" keep right and stay at creek level. Road will go back and forth from paved to gravel. After the third time it changes to paved and gravel go right at the next "Y" intersection. A few miles you will go past a couple barns on right and cattle guard. After the second barn, look for a sign along the left side of road (Fordyce Trail Head), hitch rail and large grassy area with a parking lot. You are there. It is 45 minutes from Asotin and road is always in good condition. We will potluck meals Saturday and Sunday and bring a meat to grill. We will have the chapter BBQ for your meat and will have camp stoves out to do your breakfast if you wish. If anyone can haul firewood let me know. Thanks, Karen Kimball

- A. A wildland fire has closed portions of a wilderness trail.
- B. A wind event has closed portions of a wilderness trail
- C. Any natural event has occurred and closed portions of a wilderness trail

BCHI voted yes to support Oregon and Washington in taking this resolution to BCHA.

2. Number of voting directors for BCHA to one for each state instead of 2. BCHI voted no

3. Resolution " To protect the principal and spend Gains/Interest from the BCHA Legacy Fund - They will be asked for a vote of delegates at the BCHA convention. The Executive Committee approved this and they don't have the authority to do so.

To Our Valued Clients:

You recently purchased a 6 month health certificate for your horse(s), and told us you would be traveling to Montana. The state of Montana has made some changes to their requirements for the 6 month health certificate, and the staff at MPEH wants to keep you updated, and ensure you are legally crossing state lines.

The state of Montana still requires an application to be submitted along with \$5./horse for a preauthorization number, but that can now be done in two ways:

1. Mail the application in with your payment to:

Montana Dept. of Livestock, Animal Health Division
PO Box 202001
Helena, MT 59620-2001
2. Submit the application via email to livpermits@mt.gov, and pay the fee on the Dept. of Livestock website.

When you receive the preauthorization number from the State of Montana, please call our office so we can get that number added to our copy of your health certificate, and have a back-up in case you misplace yours.

The Montana Department of Livestock also states the following must be done: "prior to each entry into the state of Montana, the owner must call 406-444-2976 (which is found on the 6 month health certificate) to obtain a 10 day permit number." This number can be called 24 hours/day, and you can call up to the day before you travel. You will need to call for an entry permit number each time you plan on traveling to the state of Montana.

At that time, you will need the preauthorization number found on the document provided to you by the Montana Department of Livestock, health certificate number/cogins information and the destination address.

Please do not hesitate to call our office with any questions that may arise. We can be reached at (509)928-6734, and we will gladly answer any questions to the best of our ability.
