Hi Everybody,

It's hard to believe that it is November already. The Board members met and we made up a slate of nominations to be voted on at the November 21st meeting. We will be taking nominations from the floor so if you are interested in being an officer or board member in the 2021 year please let us know. Hopefully we can get 12 or more members to attend the meeting so we can approve the officers for next year. Installation will be held at the January meeting. The December meeting is canceled. It is traditionally a Christmas party but we voted not to do that this year. We will be giving out awards and other recognition at the November meeting.

2020 was a hard year for most and I am hopeful that 2021 will be better. But despite all of the bad there has been a lot of good. We worked hard at keeping the trails clear when trail use is at an all time high. And we had a couple very successful fundraisers where many members helped out. We also had some fun rides when we could.

Please see Karen Kimball to get some calendars and let her know if you would like to help sell some.

We have many things planned for next year!

Thank you all for the help and support. On to another year! Julie Volpi

Calendar Sales

By Karen Kimball, sales leader

We have 125 calendars to sell this year, 25 less than in the past, and I'm counting on members to help again this year. Some of you do a great job of selling them or just buying them for yourselves. I've already sold 7 myself. If every member would take 2 calendars, one for yourself and one to sell, we would have them all taken care of.

They make great Christmas gifts and I give one to my fairer. I would like to ask a few of you to sit at Tractor Supply and help sell. If you don't want to be out with the covid I understand. Give me a call and we can arrange to meet if you can't get to our meeting to get your calendars.

A lot of the money from the calendars goes into the State Legal Fund in case we have to take on the Forest Service to keep our trails open. If you are reading the newsletters BCH went to court in the Tahoe area for letting e-bikes on non motorized trails and won the case.

Again thank you for your support and all the help with the trail clearing.
